

PROFESSIONAL SUMMARY

Results-oriented Computer Science graduate with a 3.6 GPA and a strong foundation in software development and system management. Proven technical proficiency in web technologies and database management, highlighted by a National Exit Exam score of 87/100. Committed to pro-active problem-solving and ethical work practices.

TECHNICAL SKILLS

Languages: PHP, HTML5, CSS3, JavaScript

Database: MySQL

Systems: Student Management Systems, Core Banking Awareness

Soft Skills: Collaborative Problem-Solving, Excellent Communication, Ethical Interaction, Adaptability

Networking: Network infrastructure setup, troubleshooting (LAN/WAN), and Wi-Fi management.

Hardware Maintenance: Computer hardware repair, printer maintenance, and POS (Point of Sale) system support.

Security Systems: CCTV installation, monitoring, and security system maintenance::

System Administration: OS installation (Windows/Linux), software updates, and data backup management.

EDUCATION

BSc in Computer Science Yeneta College, Debre Markos

Graduation Date: 2025

Academic Standing: GPA 3.6 (Thesis Grade: A+)

National Exit Exam: Passed with 87/100 (Feb 2025)

Preparatory Education Finote Selam Grades 11–12

KEY PROJECTS

- Student Management System
- Role: Lead Developer
- Technologies: PHP, HTML, JavaScript, CSS, MySQL

Description: Designed and implemented a comprehensive system to manage student records, streamlining administrative tasks and improving data accuracy.

PROFESSIONAL EXPERIENCE

Internship

Ministry of Peace Voluntary Service

Actively participated in community-based initiatives and contributed to the enhancement of digital literacy within high-stakes government environment

CERTIFICATIONS & QUALIFICATIONS

Bachelor of Science in Computer Science

Proficient in Professional English (Speaking, Reading, Writing, Listening)

HOBBIES & INTERESTS

Continuous learning through Tech-related literature

Exploring historical landmarks and cultural heritage

Contributing to collaborative open-source problem-solving
